

## NEED FOR BUILDINGS

### Reno Has a House Famine.

#### Immigration Is Rapidly Setting Toward Reno.

Reno is confronted with a serious problem. It is the victim of too much prosperity. Rather, it is caught in the net of its own unforeseen prosperity. For the Journal has been crying: "Build! Build! Build!"

This paper has devoted columns after columns in calling upon local capitalists to erect more residences and business blocks. It told how Reno was becoming a city, a metropolis by leaps and bounds; how the new mines and other resources were forcing the town into a place of prominence. An incoming population of at least a thousand was augured for the year.

The Journal's words—scattered at, though they were—were coming true. The city contains at least five hundred more people than it did in the spring and the tide of immigration is setting in faster and faster. Probably a hundred residences and a dozen business houses have been erected within this time, but every one is occupied in fact was rented or sold before completed. People are searching for houses or rooms and are not finding them. Hotels and boarding houses are crowded.

What is to be done with the surplus population? If they could obtain houses the town would be augmented in population by at least five hundred more people before the New Year. Two hundred thousand dollars worth of buildings for new manufacturing enterprises are going up in a single day. What accommodations are there for the employees of these institutions?

There is still time for action. One hundred more houses are needed at once. Who will build them and reap a good interest on the investment? Half this number of houses will be needed to accommodate the army of mail clerks who will make their homes here after the 15th of October and the families of miners will occupy the others.

To the situation and the messback this article may at first reading seem highly colored, but let the reader walk about the town, view the new buildings and search in vain for a "To Let" sign. He will then agree with the Journal in the statement that one hundred more houses are a positive necessity before winter sets in.

## Population to Be Increased.

Yesterday The Journal published a rumor that this city would be made an end of division for the postal clerks running on the main line. It was definitely learned after the edition went to press that the rumor is correct.

The change will take place on the 15th of October. It will affect nearly fifty clerks, all of whom will hereafter make their homes in this city. As more than half of them are men with families, this will mean an addition of more than one hundred people to the population of Reno. Their payroll will amount to nearly \$4000 a month, or \$50,000 a year. This is indeed good news. Yesterday a representative of the postal clerks was here endeavoring to obtain houses or rooms for the clerks.

### He Broke the Bank.

Last evening the Owl opened a game of "Twenty-one" with a roll of \$200. For an hour or two it prospered and was soon \$50 to the good. Then a stranger sat down at the table and in a few moments the bank was broke and the player was \$250 to the good.

### Made the Crowd Scatter.

Last evening one of the gambling houses in town was crowded and the games were all running full blast.

While the attention of everybody was engrossed with the spinning wheel or the cards a gun cracked. It only required about three and a quarter seconds to empty the house. Of course, it was only an accident or, at worst a practical joke. Nobody objects to a little thing like that.

### Encouraging Prospects.

It is said that better and more uniform ore is being obtained from the shaft being sunk by Gulling, Branley & Co. near Weedkind City. For the first thirty feet in the workings the ore varied from 37 cents to \$190 a ton in value. The lead is about four and a half feet wide.

## CROPS AND WEATHER

### Government Reports Received from Every County.

Weather—Clear, cool weather, prevailed throughout the State; there was no precipitation, and the temperature conditions were about normal. Light frosts were general during the latter part of the week in the central and north sections, but no damage was reported.

Crops—The clear, warm days and cool nights were favorable to growing alfalfa and ripening grain. The harvest of wheat, oats, barley and the second crop of alfalfa is about completed in the greater part of the State, while in a few localities it is either just beginning or is in full progress. Threshing is in progress in a few localities and all grains are reported good in both quality and yield. Range feed is doing up rapidly. Water for irrigation is scarce in the northern part of the State but seems to be plentiful in the southern portion. Cattle and horses are in fairly good condition and are doing well. Staple garden products are doing very well and are being used and marketed.

Lewers' Ranch (near Franktown)—Grain nearly all in stack. Tomatoes ripening. Watermelons and other vegetables nearly ready for market. Lake getting low, but water for irrigation holds out.—Mrs. Ross Lewers.

Carson City—About the same general conditions as to weather prevailed this week as were reported for last week; clear, cool and dry. The highest temperature was 85, August 25th; lowest, 43, August 31st. The temperature was practically normal, the mean for the week being only 2 degrees above normal. The degree of cloudiness was somewhat higher than for the preceding week, amounting to about 3 per cent. All harvesting is completed and threshing will soon begin. Gardens are still doing well. Potatoes are almost ready for digging and the crop will be above the average. Water in this section is holding out well, but rain is very much desired and would be of great benefit to pasture and range feed. Livestock in good condition.—W. W. Thomas.

Leeterville—Hot days and cool nights have prevailed all week. High winds on August 25th and 26th interfered with haymaking. Second crop of alfalfa about half harvested. Irrigation stopped for want of water. Peaches and plums are ripe. Early apples about gone.—W. F. Kaiser.

### Last Picnic by the Owl Social Club.

Last evening the Owl Social Club held a moonlight picnic in Poor's Grove. Owing to the weather being probably unpropitious from now on, this is probably the last picnic they will hold this season. There was an attendance of about thirty couples. The grove was illuminated with electric lights. There was the best of music and a highly enjoyable time was had.

### Ready for Business.

The engine and hoist at the Reno Star mine have been put in position. The whistle was blown yesterday afternoon for the first time. The machinery will go into commission today.

### STOOD DEATH OFF.

E. B. Lundy, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germ and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous complaints, kidney troubles, female complaints; gives perfect health. Only 50 cents at S. J. Hodgkinson's drug store.

### WORKING NIGHT AND DAY.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25 cents per box. Sold by S. J. Hodgkinson, druggist.

## TERSE AND TO THE POINT

### Little Bits of Items, but Still Worthy of Mention.

The Owl Lunch Kitchen will serve a lunch at noon during fair week.

T. P. Schwartz has a carload of racing horses due to arrive here today.

The funeral of the late Davis Rosen-thal took place at 2 o'clock yesterday afternoon in this city.

Steve Currie's new funeral car was out again yesterday. The dark horses look proud in their black plumes and nets.

Dr. C. H. Woods has changed his residence from 411 Center street to 109 Sierra street, next to the Methodist Church.

"David Harum" is coming. He will be here Monday evening, September 5th. See particulars in fifty-cent column tomorrow.

Frank Savage has a force of plumbers roughing in Jay Clemmons' new residence on the south side, for 3 complete bath rooms.

"Kid" Lewis has been discharged from custody. He was defended by Chas. Knox. Mr. Knox has established an office with Judge Currier.

The pupils of the fifth grade at the public school are on half time and have been all this week and will continue so until the new furniture arrives.

Sol. Levy has purchased and shelved one of the finest lines of ladies' furnishings goods ever brought to Reno. Call and inspect his stock. He has the latest styles.

No further action will be taken in the Wedekind-Bell case until Saturday in the United States Circuit Court and then there will be simple preliminary matters.

The enrollment in the different grades in the public schools is steadily increasing. Undoubtedly more rooms and additional teachers will be required before the term is over.

## THE EPISCOPAL CONVOCATION

### Delegates and Alternates Chosen to This Congress of the Church.

At the monthly meeting of vestry of Trinity Episcopal Church, delegates to the number of five, and five alternates, were elected to represent the Parish at the Convocation, to be held at Berkeley, Cal., Tuesday and Wednesday, October 8th and 9th.

The General Triennial Convention of the Episcopal Church in the United States, will be held at San Francisco, beginning Wednesday, October 24, and lasting about three weeks. Thousands of delegates from all over the country will attend and nearly all the Bishops and prominent officers will be present.

Bishop C. C. McCabe, together with many of the delegates to the recent Methodist Conference, arrived last night on the V. & T. from Alford, Cal., and some of them took the midnight train for San Francisco.

Those remaining over night in Reno were entertained hospitably by church people.

### Undergoing Repairs.

For the past month Reno has had only one fire engine available for use. Number 1 is undergoing repairs in the V. & T. car shops. Number 6 is in good condition and is able to throw two streams over the highest building in town.

### THE PLACE TO GO.

Take your watch, clock and jewelry repairing, diamond setting and engraving where none but expert workmen are employed. All work guaranteed by the Frank Golden Jewelry Company, leading jewelers of Nevada.

## NEWS OF THE DAY

### Occurrences in all Quarters.

#### AT HOME AND ABROAD

##### Happenings in the World Briefly Told for the Busy Reader.

Judge Humphries of the territorial court at Honolulu has decided that the Dole government in the islands is upholding vice.

The Hawaiian quarantine has aroused the anger of Janaga.

News has been received of the death of Miss Isabella Thoburn, president of the Girls' College at Lucknow, India.

The disorders among the tribes in Morocco are increasing.

Bill Fournier, a negro, was shot and his body burned at Troy, Alabama, for assaulting Miss Wilson.

The new constitution for Alabama has been adopted by a vote of 132 to 12.

The British navy has dispatched two torpedo boats to China.

The government will reclaim the American concession at Tien Tsin.

"Mr. Dooley," the original caricatured by Finley Peter Dunn, is near death at his home in Chicago.

John Mahuka, a native boatman of Honolulu, has announced himself a candidate for the governorship of Hawaii.

The National Watchman has been purchased by William Jennings Bryan.

J. Piermont Morgan is untangling the bituminous companies of six States into a gigantic coal trust.

A Cotton Belt passenger train was robbed by six masked bandits near Texarkana. They obtained a rich haul.

The striking steel workmen claim that they are making steady gains in many plants.

At Wheeling the strikers are upholding their own and their is no indication of an attempt to start any of the shut down works.

President Keys of the Commercial National Bank of Illinois has been sentenced to the penitentiary for forgery.

D. W. Townsend, a prominent hotel man of San Diego, died suddenly Monday.

Two men, suspected of attempting the life of the Czar, have been arrested at Copenhagen.

Admiral Remy has been dispatched on a tour of inspection of the Hawaiian Islands.

American trade with South Africa is rapidly growing.

The Samoans offer to subsidize the United States government for the establishment of a public school system in the Islands.

Uncle Sam has been requested to act as a peacemaker between Venezuela and Colombia.

The Transvaal government has issued a proclamation threatening with death British soldiers captured with arms.

An earthquake occurred yesterday at Salinas, Cal.

### Lincoln Bucks

J. H. PATRICK, Proprietor of the Fairfield stock farm at Idaho, Canada, will exhibit

300 Choice Lincoln Bucks at the State Fair Grounds During Fair Week

SHEPHERD who are destroyers of improving the strain of their bands will be interested in this exhibit

## SOCIAL AND PERSONAL

### Items About People Who Travel to and Fro.

Harry Gosse was on the Comstock yesterday.

Judge Murphy was down from Carson yesterday.

John Bell was a visitor from Winnemucca yesterday.

Mrs. McFarlin leaves today for Michigan to visit relatives.

B. R. Jones, of San Francisco, was a guest of J. L. Carroll yesterday.

Miss Clara Rammelkamp of Reno is engaged in teaching the school at Mound House.

Mrs. Harold Duncan and her mother, Mrs. Murphy, are spending a few days in San Francisco.

Henry E. Johnson, representing the Realty Syndicate of Oakland, is spending a few days in this city.

The wife of A. S. Gesner gave birth to a boy on August 30th at Detroit, Minn. Mrs. Gesner was formerly Miss Blanche Pinner.

Fire House Annex.

A brick annex 25x50 feet is being built in the rear of the fire department building. So far no other labor than that of the blue coated chain gang imprisoned in the fire house has been used in the construction work. The annex will be used as a storage building.

LADIES RELIEF CORPS.

Members of O. M. Mitchell Corps are requested to meet at Investment Hall at 8:30 o'clock this morning to attend the funeral of Patrick Keating.

By order of the President, JENNIE GROB, ELLA KYLE, Secretary.

## A PROGRESSIVE BUSINESS MAN

Mr. Fleishman, the Shoe Man, Comes to Reno Highly Recommended.

Following is what the Stockton Independent says of L. P. Fleishman of that city, who will shortly open a shoe store in Reno. He has leased the new Martin building and will stock it with the finest and largest line of foot gear ever brought to Reno:

L. P. Fleishman of the Chicago Shoe Store, has disposed of his store, stock and fixtures and retired from the shoe business in Stockton. He will remove with his family early next week to Reno, Nevada, where he will open one of the finest shoe stores on the coast.

He has been in the business in Stockton many years and has made a host of friends, who will greatly regret the departure of Mr. Fleishman and his estimable family from this city.

However, Stockton's loss will be Reno's gain and Mr. Fleishman and family have the satisfaction of knowing that they take with them to their new home the best wishes and good will of the citizens of Stockton.

A Quiet Pointer.

No well dressed men, except clergymen, sport white neckwear before dinner and no tasty housewife combines blue baseboards with yellow wallpaper. That reminds us that the Porteous Decorative Company carries the finest line of wallpaper in the State.

TO PARENTS AND STUDENTS.

Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects.

Parents should help to make studying a pleasure for children, instead of a task, by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

### FREE

A \$20 gold and enamel bedstead at A \$20 gold and enamel bedstead at fair.

The Co-Op. store will give it to the person guessing nearest to paid attendance at Reno Fair of 1901. A free guess every time you attend. Get black at Co-Op exhibit or at store. Contest since in 1901 was— sept 16

## MINING IN THIS STATE

### Culled News of Nevada's Most Important Industry.

Arrangements are being made to list the Tonopah mines on the Salt Lake Stock Exchange.

One man has located seven claims in the old Lake district, Nevada, which has been idle for years. Renewed activity is now looked for, as some rich assays have been given.

The Cal-Uvada Company will erect a new refinery at their borax property in Churchill county.

The mills and tailings plants at Silver City, Lyon county, are all running to full capacity.

The Lager Beer Mining Company at Silver City is putting in an electric hoist. The poles have been planted and wiring is about finished.

The total ore extraction of the Con. Cal. & Va. mine last week was 105 cars of ore assaying on a basis of gold value \$55.34 per ton, and 115 cars assaying on a basis of gold value \$17.06 per ton.

Senator R. D. Jackson's cyaniding plant at Willow Glen, Washoe county, is running full blast. Six men are employed and the tailings are being worked at a fair profit with enough material in sight to keep the plant going for three years.

Owing to the non-arrival of some supplies for the mill, the Johnny stamps are idle, the shut down will not be longer than a week at most.

Work on the Ophir mill is progressing nicely. The bed for the engine and boiler is now complete; the mill is enclosed and as fast as the machinery arrives it will be placed in position.

The Big 14 will probably make a shipment of ore to Salt Lake this week. The ore that is being sacked is very rich and the returns will be anxiously awaited by a great many people both here and in Zion.

It is said that considerable work is being done on the Mountain View property at Deer Lodge. Two new claims are being operated and the outlook for the mine is very encouraging, but for the stockholders?

President Newell of the Johnny believes that in a very few days his company will begin negotiations for the erection of a 10 stamp mill on their property here. This is very encouraging news and if the mill is built there it will materially benefit the camp.

The mines in Copper King district, near Bunkerville, are working about twenty men and development continues increasing the showing of the property.—Pioche Record.

Gives Treatment by Osteopathy.

Dr. J. E. Donahue, osteopathic physician, has moved his offices to the old Investment building over Brookins' store. He is spending a few days in San Francisco and during his absence his patients are being attended to by Dr. Ada Sisson, a registered physician of Illinois and a graduate of the Kirksville, Missouri, school of osteopathy. She makes a specialty of diseases of women and children.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up to twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store.

### THE ARTIST TAILOR.

W. Schur, the artist tailor, began business in Reno in a small way a year and a half ago and has built up a splendid trade. He is a tailor for many of the most prominent people in this city. His work always gives satisfaction. Mr. Schur makes a specialty of ladies' tailoring. He worked six years at this business in Paris. Swiss

## GENERAL ASSEMBLY

### First Session this Semester.

#### Very Large Attendance and an Excellent Program.

The first general assembly of the University of Nevada was held in the gymnasium yesterday afternoon at 3:30. The spacious hall was filled with an appreciative audience.

President Stubbs was chairman of the day.

Miss Mabel Stanway, Nevada's queen of song, gave a number of exquisite selections. She was accompanied by Miss Clara Field, an extremely accomplished pianist.

An address was given by Dr. Church on the Scholar and his University. Dr. Church spoke in extenso on the improvements that have been made in the University and especially in its course of study since he left it two years ago to study abroad.

Miss Mabel Stanway then sang a German song, "Seigkelt," by Han der Lucken.

Dr. Kennedy then delivered an address, "The Duty of the Student to his Alma Mater." This address was delivered in all earnestness and made an appreciative impression upon his audience.

Miss Stanway gave three beautiful selections: "Song of a Heart," by Runeson; "The Lass with the Delicate Hair," by Dr. Arne, and "A Red, Red Rose" by Hastings.

Miss Hannah K. Klapp, librarian of the University, made an address upon "The Spiritual Vision." She spoke without notes, but in eloquent manner. At the conclusion of her address she was called before the audience, who were in accord with her mood and so manifested themselves.

Miss Mabel Stanway sang, "My Heart is in the Highlands." She was most beautifully endowed, and on her return sang, "The Irish Love Song" by Margaret Lang and, by special request, "Sweetheart, My Love" by Chadwick.

A new college song, which was written yesterday by Miss Elizabeth Stubbs was then sung. It is entitled, "A Song to the U. S. U."

Five hundred voices joined in the rendition by Miss Stanway and Mr. J. E. Donahue. The music was most inspiring and the room rang with "A Song to the U. S. U."

This song, which appeared in the Journal, is so popular that the college song is far advanced.

## Another Mine Disposed of.

Jesse Knight, Jr., M. M. Warner and Dan Houtz came up from Prove yesterday and closed a deal with David Evans whereby for a consideration of \$10,000, the latter secures a one-half interest in five claims at State-line—the Ulan Spur, Queen of Rhode Island, Pandora, Silver Cliff and Gold Hill No. 2. The first payment has been made and on the arrival of another paper that will complete the title the balance will be paid. That will occur before the week closes.

The owners of the property have already spent over \$5000 in development work, represented in a 350 foot tunnel, which opens the vein at a vertical depth of 175 feet, a shaft eighty feet and other work on different parts of the property. It is a rich silver proposition from which great things are confidently expected.

"You can form some idea of what we have," said one of the vendors yesterday, "when I tell you that a person can take a hammer, go along the outcrop and knock off rock in numerous places that is literally alive with little silver."

"The property will be brought to a productive stage without delay.—S. L. Field, Aug. 29th.

Arthur Swart of Dayton and Miss Florence Hawkins of Carson were married at the latter place yesterday.

### Kodaks! Kodaks!!

TAKE one on your vacation trip and keep a souvenir of your summer pleasures.

90 cts. to \$60

FILMS and PLATES. A full line of photographic goods at all descriptions. Albums, mounts, etc.

## ONLY THE MATERIAL NEEDED.

A LARGE beet sugar factory at Benton Harbor, Michigan has closed and the plant has been removed to Shelby, Ind. But this does not mean that the manufacture of beet sugar, under proper conditions is not a profitable business. In this case the failure was caused by the manufacturers being unable to obtain the necessary amount of beets to run the factory to its full capacity. The concern did not move to Indiana until it had contracted with farmers in the vicinity for 4,000 acres of beets for the seasons run. Having made these contracts a factory was built at a cost of \$320,000.

The Chicago Record-Herald in commenting upon this matter says: "The removal of this plant to Indiana however, will serve to emphasize a very important fact in connection with this industry—one that should be carefully considered not only by the communities that are making efforts to secure these factories but by those who are attracted to the industry as a profitable investment for capital. In order to manufacture beet sugar profitably a factory must have sugar beets. In fact it must have a supply equal to the full daily capacity of the plant all the year round. If the farmers cannot raise them or they cannot be shipped in from other states there is but one alternative for the owners of the factory, and that is to close it."

The big million-dollar factory at Rocky Ford, Colo., was not built until the farmers in the vicinity had contracted to grow 8,000 acres of beets a year for five years. This, it estimated, will enable the factory to consume daily 1,000 tons of beets, from which it will extract 100 tons of sugar. The success of the beet sugar industry in this country requires close co-operation between the farmers and sugar makers. The beets must be delivered at the factory door. The margin of profit is too small to permit of freight charges on raw material.

It is evident that nothing can be done in the way of establishing the beet sugar industry in Nevada without an understanding beforehand between the farmers, and some capitalist or capitalists who are willing to invest in a factory at some place favorable for profitable returns. The only requirement for the latter is a plentiful supply of material to work. That sugar beet growing is profitable to the grower is manifest, in fact a rental of four and five dollars per acre is paid for land in California for that purpose. That is far more than any tenant could afford to pay for land for any agricultural purpose in Nevada, and as experiments have amply proven the superior qualities of our sage brush land for the cultivation of the sugar beet, both in regard to quantity and quality, it seems almost a slight to Providence, that steps have not already been taken to avail ourselves of His bounty.

It is our firm conviction that the assurance of the annual product of 1,500 acres would be met by a dozen capitalists each eager to establish a factory for the extraction of the saccharine matter from the vegetable. All that is needed is that a combination of farmers meet and proclaim their readiness to furnish the requisite amount of material and the matter would be on the way to speedy completion. The Journal would suggest that the State Agricultural Society take the matter in hand by opening a list for registration of farmers and land owners, and naming the number of acres that each will devote to the culture of sugar beets when a profitable market for their crops is assured them.

## THE SULU SLAVES.

GEN. ROFFE, commanding the department of Mindanao and Jolo, reports at Washington and says that "the radical and comprehensive measures to abolish slavery in these islands will at this time be premature and ineffective." This is an implication that the thirteenth amendment to the constitution of the United States was premature and is practically ineffective or at least that it is not far reaching enough to embrace the jurisdiction of the flag. It implies that slavery may exist and be protected by our national banner. At all events it does exist and is so protected and an American commander reports that measures for its abolishment are impractical and inexpedient.

We had become somewhat reconciled, or rather accustomed, to the judicial doctrine that the constitution does not follow or accompany the flag, but that the latter must protect an institution and nullify a clause in the former, which cost so many American lives to adopt and enforce in our own country, is considerably more startling than the original declaration itself, although upon sober thought it is but a natural sequence to it. It is an assertion in fact that the slave owners of our dependencies are entitled to greater consideration and privileges, than were that class in our own country, and that the "relic of barbarism" may exist under the flag which was the banner of those who sacrificed their lives in the sanguinary contest for the freedom of millions who were held in bondage under the constitution which has been declared inoperative in our colonial possessions.

As it stands at present the United States has the distinction of being the only civilized nation that recognizes or protects the right of property in man.

## THE DEMOCRATIC MISSION.

TARIFF reform, which is also warfare on trusts, honest enforcement of civil service rules, anti-imperialism and financial reform, comprises the grand mission which the Democratic party is called upon to perform whenever it meets the opportunity. None of these things can be expected from the Republican party. In fact, under its present management it cannot be denied that it is directly hostile to all of them, to the detriment of the people and inimical to their welfare. Unjust favoritism, impressing heavy and unnecessary burdens upon the many for the benefit of the few, is the basis of the three first mentioned, and in open violation of the principles and purposes of democratic government and the exploiting of these is the cause of the fourth.

The verdict in favor of tariff reform given in 1892 has never been reversed by the people. Upon another issue the Republicans were given full possession of the government in 1896, and the Dingley law was railroaded through under the crack of the party whip, with the aid of other means which our readers will readily comprehend, which brought into line the Senators from Nevada, to redeem the pledges made to heavy contributors to a corruption fund unknown to the people. Then the war with a foreign power came on, diverting attention from domestic burdens, permitting them to be endured because national pride prompted no complaining while danger portended from four particular things, from which the trusts have made such a startling growth. That struggle has now ended, fostered by the very tariff which prohibits foreign competition upon articles manufactured by the trusts. It enables the trusts to furnish their products at less figures in a foreign market where competition is open than is exacted here through the tariff prohibition which enables the establishment of monopolies at home. But give them the chance and the people will right these conditions, but it must come through the Democratic party. Manager Hanna declares that the tariff must be let alone, and the lesser lights echo the refrain of the national boss. But the question can be brought direct to the people in the next congressional campaign, and they can speak effectively if the Democratic party takes the stand it should and undoubtedly will.

Civil service reform is in the interest of a better administration and more economical government; it revolts against the theory that public office is a private snap and that the public treasury should be used to reward party service at public expense. For these reasons the Democratic party should and will take a pronounced stand for civil service reform.

THE plea that the tariff should be removed from trust made articles is met by the reply that to do so "would disturb business." Undoubtedly it would disturb the trust business—and why shouldn't that business be disturbed?—Utah State Journal. Isn't fat frying a legitimate business, and wouldn't that industry be totally destroyed by disturbance of the affairs of the trusts? Think twice brother, before making such rash assertions.

The reasons why the Democratic party should oppose imperialism, and why the same class of supporters would stand under its standard as would come there for the other issues, are readily manifest. This policy of "expansion" of colonialism, of having subjects and subject races is un-American and unworthy of a people whose government was founded on liberty and equal rights and justice to all within its sovereignty.

The Schley case promises to be almost as good a thing for the lawyers as if it were some rich man's will.

## PRESS COMMENTS.

The assertion is made by a French physician that pulling the joints will make people tall. Experience, however, teaches that the application of this treatment to the leg tends to make the patient short.—Salt Lake Herald.

The arrest of a woman who attempted to collect \$50,000 from W. K. Vanderbilt establishes a precedent that will fill with joy the hearts of those who have been annoyed by importunate collectors.—Salt Lake Herald.

The country is big enough to afford scope for the college man and the self made man. They should get together in an altruistic spirit and admit that college men are not necessarily mere athletes or dreamers, and that self made men do not invariably say "I seen it" and "I done it."—Ex.

Chicago doctors have decided that a man with delirium tremens can't be held on a charge of lunacy. Here seems to be another case of distinction without much of a difference.—Record-Herald

## CHURCH DIRECTORY

CONGREGATIONAL CHURCH (Virginia and Fifth streets) Chas. E. Chase, Pastor—Services every Sunday at 11 a. m. and 7:30 p. m. Sunday school at 12:15 and Christian Endeavor at 6:30 p. m. Midweek meeting for prayer and Bible study every Wednesday at 7:30 p. m. Junior Endeavor Eriday at 8:30 p. m. Pastor's residence, 419 South Virginia street. Telephone, Black 182.

[Timber Land, Act June 8, 1878.]  
**NOTICE FOR PUBLICATION.**

UNITED STATES LAND OFFICE, Carson City, Nevada, August 31, 1901.  
NOTICE IS HEREBY GIVEN THAT IN compliance with the provisions of the act of Congress of June 8, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Samuel Longbaugh of Empire, county of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 49, for the purchase of the S. 4 of Sec. 34, and S. 32 of Sec. 34 of Section No. 12, Township 37 N., Range No. 18 E., M. D. M., and will offer proof to show that the land sought is more valuable for its timber or forest lands than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1901.  
He names as witnesses:  
John G. Felt and Carson City, Nevada.  
Win. W. Coleman of Carson City, Nevada.  
Andrew Gray of Carson City, Nevada.  
Fred A. Williams of Empire, Nevada.  
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of November 1901.  
C. H. GALLUP, Register.  
Date of first publication: Sept. 4, 1901.

## TOWN ORDINANCE.

Ordering the Paving of Certain Streets.  
[Adopted July 18, 1901.]

Whereas, it appears to the satisfaction of this Board that notice of the hearing of the petition of T. K. Stewart and others for the grading and paving of Commercial Row from Center to Sierra street; Virginia street from Commercial Row to the Iron Bridge over the Truckee River, and Second street from Virginia to Sierra street in the Town of Reno, and the adoption of plans and specifications by publication as required by the order of this Board.  
And whereas said matter coming on to be heard at the time mentioned in said notice, parties interested therein appeared and the proof and evidence that said plans and specifications are suitable and proper, it is ordered that said plans and specifications for the grading and paving of said portions of said streets be and the same are adopted as now on file with the Clerk of this Board except as to the curbing and that the same be recorded.  
It is further ordered that notice of the hearing of the petition of T. K. Stewart and others for the grading and paving of Commercial Row from Center street to Sierra street in said town be graded and paved according to said plans and specifications. It is ordered that the portion of said portion of said street be graded and paved according to Class A of said plans and specifications as now adopted. That thirty days notice of the letting of contracts to grade and pave said portions of said streets according to said plans and specifications be given by advertisement in the Reno Journal, a newspaper published at Reno, Nevada, that such contract will be let to the lowest responsible bidder who will give satisfactory guarantee to keep the same in repair five years after completion of the same, subject to the right of any property owner fronting on said street to make said improvement according to Class A of said plans and specifications in front of his property by private contract to be approved by this Board.  
It is further ordered that the cost of grading and paving that portion of said streets fronting and abutting private property be paid by the owners of the abutting property, and the number of feet fronting or abutting on said improvement, and that the cost thereof be assessed accordingly against said property, and be a tax and lien thereon, and that the cost of grading and paving all streets and alley crossings and intersections included within that portion of said streets hereby ordered to be graded and paved, be paid by and out of the public funds.  
Be it ordered of the Board of County Commissioners that they cause to be published in the Town of Reno.  
W. A. FOGG, Clerk.  
W. H. A. PIKE, District Atty.

## NOTICE OF FORFEITURE

To A. O'Brien, Co-Owner, you are hereby notified that we have expended the sum of \$635.92 for the year 1900 and \$617.76 for the year 1901 to date making a total of \$1253.68 for labor and improvements upon the Willow mine situated in Jumbo Mining District, County of Washoe, State of Nevada—and within ninety days after this notice by publication, if you fail or refuse to contribute your proportion of such expenditures as Co-Owner, your interest in said claim will become the property of the subscribers under Section 2324, Revised Statutes of the United States.  
Date of first publication, August 27, 1901.  
W. H. KENT,  
GEORGE SCHISLER.

## Proposals for Privileges—Nevada State Agricultural Society.

## MR. NEWLANDS' IRRIGATION BILL.

### Comment on This Most Important Measure for Nevada's Progress.

THE following from the Omaha World-Herald of July 21, is a most comprehensive relation of the provisions of the irrigation bill introduced by Congressman Newlands last winter, with accompanying comments which cannot fail to interest all friends of the great National project of reclaiming the vast area of now valueless land in the semi arid sections of the country.

The World-Herald says:

One of the most important measures to the nation as a whole, and without question the most important bill pending in Congress so far as the semi-arid states of the west are concerned, is House roll 14,338, introduced at the second session of the fifty-sixth Congress by Representative Francis G. Newlands of Nevada. The bill provides for the construction of storage reservoirs in the mountains of the west and for construction of other irrigation works, all under government supervision.

Unlike other bills which have been presented to Congress and which because possessing nothing but local features, have been incontinently consigned to the waste basket, this bill is general in its scope. It provides for general works, for construction which will benefit the entire west and not merely a particular district in which the proponent of the bill may be particularly interested. For this feature alone the bill deserves earnest consideration of legislators and citizens. The bill in its entirety is reproduced in another column of this issue and should be read by every citizen in the twenty-three States and Territories west of the Mississippi river which will be upbuilt by having its provisions put into effect.

It would seem that not a possible loophole has been left by Representative Newlands in his bill, which will permit of speculative interests acquiring and especial benefit, while in every way he has provided every protection for the small farmer and ranchman which can be devised in a measure based upon scientific construction.

A reading of the provisions of the Newlands bill, will show that every safeguard is thrown about government state and citizen, while the government itself is not

called upon to expend any money whatever from the general funds for the reclamation of the arid lands of the west. This fact alone should remove the most serious objections raised by the eastern states. While under the bill the construction of storage reservoirs and irrigation canals will of necessity be slow, the amount of work to be done depending upon the revenues derived by the government from the sales of its lands and the moneys derived from the leasing of water rights, it can readily be seen that the fund will be constantly increasing, a constantly widening territory will be put under irrigation, and development will become more rapid as each system of irrigation is completed.

It is necessary for the west to unite on some measure and push it to a passage. The introduction of a large number of conflicting measures only serves to confuse the minds of the legislators and conceive eastern opposition. The Newlands bill promises more in results than any other measure now pending before congress. Past experience shows that a bill calling for a direct appropriation is impossible of passage. If a start is once made under the Newlands bill, provided that it becomes a law, the benefits to the entire country from the reclamation of the western semi-arid lands will become so apparent that it is probable direct appropriation bills will receive more favorable consideration.

Earnest, energetic support given to the Newlands bill will do more to accomplish irrigation for the west than all the scattering fires now being directed at congress in the shape of numberless bills for appropriations for certain limited areas.

The Newlands bill should be passed.

### AUGUST FLOWER.

"It is a surprising fact," says Prof. Houston "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at S. J. Hodgkinson. Sold by all dealers in all civilized countries.

### PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store.

### A SHOCKING CALAMITY.

"Lately befell a railroad laborer," writes Dr. A. Kellert, of Willford, Ark. "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by S. J. Hodgkinson, druggist."

### THE ARTIST TAILOR.

W. Schur, the artist tailor, began business in Reno in a small way a year and a half ago and has built up a splendid trade. He is a tailor for many of the most prominent people in this city. His work always gives satisfaction. Mr. Schur makes a specialty of ladies' tailoring. He worked six years at this business in Paris. Swks

### THE NEW FLYING MACHINE.

Passengers have discovered that the Jordan famous "A.A.A.I" cutlery is sold by the leading dealers everywhere.

## ADVERTISEMENTS

## SYRUP OF FIGS

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectively, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## COLLEGE SONG OF THE N. S. U.

Our mountain-circled valley where the silver Truckee flows,  
And our "Varsity" stands proudly 'neath the shadow of Mt. Rose.  
In the land of the Sierras, where the western breeze blows free,  
It is there we lift our voices, "N. S. U." in song to thee.  
Where the Indian war-whoop shrill  
Echoed sharp from hill to hill  
Now the students' voices mingle in the dear old college cheer.  
Where the silver Truckee flows,  
And the western breeze flows free,  
It is there we lift our voices, "N. S. U." in song to thee.

When to the breeze "Old Glory" flings the white and crimson bars,  
There the color of our College gleams a setting for the stars.  
Sons and daughters of Nevada wear the patriots' royal blue;  
True to State and true to Nation, loyal to the "N. S. U."  
With the op'ning of the year  
The great football season's here  
Then our team goes out to battle and to win us victory.  
For the men of "N. S. U."  
While the deep-arched sky above us spreads aloft the royal blue.

When the year of work and pleasures has slipped rapidly away,  
And the students bid farewell to each delightful college day,  
Seniors, Juniors, Sophomores, Freshmen, bound by College spirit true,  
Gather in the "Gym." to sing a parting song to "N. S. U."  
When Commencement time draws near  
The Alumni gather here  
To renew the ties that bind them closer still from year to year.  
Where the silver Truckee flows,  
Canopied by heaven's blue,  
There we lift our hearts and voices in a song to "N. S. U."

## ALL AROUND THE STATE

### A Few Gleaned Paragraphs of Nevada News.

A search of the premises near Silver City, where William Lee was found dead yesterday, resulted in the discovery of a will. The estate includes three mining claims in Silver Star District, adjoining the North Occidental and a cabinet of ore specimens now at the Buffalo Exposition, which latter the testator valued at \$3000.—Report.

It is reported that three standard oil rigs have been purchased and will be in operation at Elko by the 15th of this month.

The Record advises men in search of employment to stay away from Pioche as it will be some time before the company will begin extensive operations here.

The San Francisco papers announce that Mrs. Carrie B. Brown has applied for a divorce from her husband, Harry Brown, who embezzled several thousand dollars of bank funds and left Carson several years ago.

The finance committee and officers of the grand lodge, A. O. U. W., met at the office of the grand recorder in Dayton last week for the purpose of accepting the tender of assistance from the supreme lodge in extending the order in this State.

Mountain wells are said to be plentiful throughout the State this season. The coyotes out about Pioche know this or two. A band of them will set up a racket on the edge of town and one will take a flying trip through the village, trailing all the dogs in the place after him. While he is leading the canines off into the hills the other members of his tribe snarl in and loot the chicken houses.

William Lee, an old time resident of this vicinity, was found dead in his cabin on the Occidental road about a mile from the old Prospect mine this morning. The discovery was made by loggers, Thomas and Harper, who are mining in that vicinity. When last seen alive on Saturday he was seemingly in good health.—Report.

The property of the Carson and Tahoe Lumber and Flume Company has been sold to the Sierra Nevada Wood and Lumber Company, better known as the company owning Overton or Hobart Mills.

Joe Taber, Halleck Mayer and Ted Smith killed three big rattlesnakes at Moleen last Sunday. They found the rattlers' den and blew it up with front powder. How many snakes went up with the den the boys do not know.

In a few days the work of laying steel from Calientes to Panaca and on toward Pioche will be commenced on the Oregon Short Line in Nevada.

Lumber and machinery for the Ophir mill is now coming up the hill every day.

George Lary, the painter, who lived on the Comstock a couple of years ago, and who has lately been working up a street fair at Grand Junction, Colorado, is a stow. The people employed in the work have attached the "properties" and Lary declares himself unable to pay.—Chronicle.

An inquest into the cause of the death of William Lee, found dead in his home near Silver City last Monday, was held by ex-officio Coroner Smith last evening at the justice court room. There were no new features developed in the testimony of Messrs. Harper and Thomas who discovered Lee dead in his cabin, and the jury returned a verdict that death resulted from natural causes.—Report.

Hamp & Simas, the plumbers, have opened an office and shop in the Masonic building. All work entrusted to them will be promptly done and in a workmanlike manner. Prices reasonable.

## VISITORS TO THE NEW CAMP

### Tonopah Has Very Rich Mines, but Accommodations Are Slim.

Joe Stenson, manager of the house of Ryan & Stenson recently returned from a pilgrimage to Tonopah, the flourishing Nye county mining camp, where he sojourned twelve days. Mr. Stenson says Butler City includes about thirty wooden buildings and from 150 to 200 tents. The population of the district is variously estimated at from 500 to 700 and the outlook is encouraging for a promising future, but the present conditions are not able enough to warrant the establishment of a business there in his line, says the Report.

Board of an inferior quality costs two dollars a day, and accommodations, except in tents, are unobtainable. Mr. Stenson had the good fortune to secure bunkroom with an acquaintance during his sojourn in Butler City. He says Doc O'Toole is the chief engineer of a saloon run by a man named Winters.

The wages paid miners, barkeepers, waiters, store clerks and laborers are \$4 per day. The miners working on leases are making lots of money. The purchasers of the group of mines, sold for \$336,000 will begin developing them on an extensive scale about January 1st, and the building of a railway to connect Tonopah with the Carson & Colorado branch at Sodaville, is included in the plans of the company.

## AUGUST FLOWER.

"It is a surprising fact," says Prof. Houston, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at S. J. Hodgkinson.

Sold by all dealers in all civilized countries.

## NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Marbles, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking she slept all night. Further use entirely cured her." This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50 cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

## NOW IS YOUR CHANCE.

Blue Flame oil stoves, refrigerators, ice cream freezers, hammocks and other summer goods will be slaughtered in order to make room for the big stock which I purchased while in the east.

ED. SCHMIDT.

### THE NEW FLYING MACHINE.

Passengers have discovered that the Jordan famous "A.A.I." cutlery is sold by the leading dealers everywhere.

sept 15-1w

The Snug saloon is the cosiest resort in Reno. The place is patronized by good, jolly people. The choicest brands of liquors and cigars. Pringle & Carrell, proprietors.
